

NCB select Investmaster's InVantage solution

London, 23 December 2008. NCB a leading Wealth Manager and Broker in Dublin, has selected Investmaster's InVantage suite: Portfolio, Trader, Settlement, Connect Crest engine, Documents and Reporter, to replace its existing in-house Wealth Management solution.

NCB is one of Irelands Top 5 wealth management operations with a long and distinguished history. Having initiated the replacement of in-house managed technologies NCB recognized the benefits that could be obtained from introducing a comprehensive Portfolio and Settlement Management solution. Simultaneously NCB have been looking to improve the production processes of its client output, and implement a Document Management system for timely retrieval of customer correspondence.

Having reviewed the market NCB have chosen Investmaster as a single supplier for the provision of a complete wealth management solution, the Investmaster InVantage solution. InVantage will provide NCB Wealth Managers with leading technology for decision making, modeling, benchmarking, administration, market settlement and reporting purposes.

Peter Little, Chief Executive of Investmaster comments; "Investmaster has had an exciting and excellent 2008, NCB's selection of our complete InVantage solution is wonderful news. We have already built a strong relationship with NCB and we look forward to providing them with the solutions they are adopting in order to enhance their already strong customer servicing ethos."

About Investmaster:

Investmaster Group limited has been providing IT Solutions to the financial sector for over 20 years. Investmaster has both an established client base and a substantially growing list of new name clients from both the Wealth Management and Investment Management sectors.

Investmaster's core Wealth Management proposition is the InVantage product suite which is an integrated front, middle and back office solution. The product functionality covers client management, reporting and full trade lifecycle from front office decision support through to settlement, ensuring pre- and post-trade compliance and underpinning the clients' business in an increasingly regulated market.
